

TECH RIDER

DJ DONATAMERIKA · 90S HOUSE · 123–125 BPM · FROM 6 A.M.

Draft – to be confirmed before release

AT THE BOOTH

- 2 Technics SL-1200 / SL-1210 turntables with pitch control (model to be confirmed)
- 1 DJ mixer, at least 2 channels, with booth output
- 1 booth monitor, separately adjustable
- Sturdy, vibration-free table, approx. 40 inches high, with room for two record bags
- 2 free power outlets at the booth

OPEN AIR

- Cover for booth and turntables (sun and rain)
- Wind-protected setup, turntables on their own base

SCHEDULE

- Preferred slot: from 6 a.m., after-hours or open air at sunrise
- Arrival at least 60 minutes before the set starts
- Strictly ’90s house between 123 and 125 BPM
